

ABOUT ME

I am a dedicated Full Stack Web Developer based in Pretoria, holding an NQF5 Diploma from Zaio Institute of Technology, Cape Town, with expertise in HTML, CSS, JavaScript, MongoDB, and NodeJS. My portfolio includes projects like a Google Keep clone and web applications for clients like Titan Roofs, demonstrating my ability to deliver scalable, user-focused solutions. As a former professional cyclist, I bring discipline, resilience, and teamwork to coding, tackling complex challenges with a structured, goal-oriented approach. I excel in collaborative, fast-paced environments and am pursuing Google Professional Cloud Developer and AWS Solutions Architect certifications to enhance my technical expertise.

JP DE JAGER

Junior Full Stack Web Developer

EDUCATION

Hoerskool Montana

2019 - 2023

I graduated my Grade 12 year with University Exemption.

Zaio Institute of Technology

2025/01/28 – 2025/08/01

At Zaio Institute of Technology, I completed my NQF 5 course, focusing on real-world projects. These included developing a comprehensive Airbnb clone with a booking system, utilizing MongoDB for the backend database and ReactJS for the front-end UI.

EXPERIENCE

Spoove Web Development - Developer

2020/03/14 - 2025/01/01

At Spoove Digital Developments, I began developing WordPress websites, later transitioning to PHP-based backend web applications, gaining expertise in PHP, phpMyAdmin, and SQL. I collaborated with PHP developers to build a strong foundation in best practices, managed cPanel, domains, hosting, and email setup, and consistently delivered high-quality projects on time while maintaining strong client relationships.
